A NELL FALL TRIP to see and climb Ladies Delight Lighthouse located on Maine's Lake Umbagog and possible visit to a few lights in the Acadia/Bar Harbor area is also in the early planning stages.

The featured Board members this month are Bob and Ellen Granoth (NELL's Merchandise couple) who live in Naugatuck, Connecticut. In Ellen's words: Bob is retired as head of shipping and receiving after 48 years at Platt Bros. Co. I'm still working at H & R Block going on 33 years.

Our interest in lighthouses began because Bob's family lives in West Haven, Connecticut and we used to go down to Bradley Point where you can see lighthouses and we went to visit Lighthouse Point Park during the summer and during the winter at Christmas time when the lighthouse was decorated. When we went to North Carolina to visit family we always went down the outer banks and got to visit lighthouses along the way. When they moved Cape Hatteras Lighthouse my parents sent us all the newspaper clippings from it. I never knew Ivory Soap could be used like that. (It was used on the track as a lubricant)

We have had the pleasure to visit lighthouses from Nova Scotia to the southern tip of Florida, Alaska, Lake Havasu in Arizona (2 pictured at left), Puerto Rico, and Bahamas, but there are many more to see!!!

A couple of my favorite lighthouses are Castle Hill in Rhode Island and Stonington in Connecticut. Bob likes the lighthouses in the outer banks, especially Cape Lookout.

When we were visiting Nova Scotia Bob was taking pictures and I was sitting relaxing in the playing in the was glad that the was unaware that I was sitting under the fog horn!

sun watching seals water. Bob said that he fog hadn't come in as I

We learned about NELL because Bob and I were at the 2nd Reunion in Providence, Rhode Island for Harbour Lights. Barbara Hupp and her husband had a table set up with information about setting up a club. We went to the first meeting in Massachusetts and the rest is history!!

We have had the pleasure to meet so many people along the way and still have friends from the 2nd Reunion. We have friends that we now consider family.

In November we visited Fire Island Lighthouse on Long Island. Pictured is one of the windows in the lens building with an etched lighthouse that shows where the old tower stood. Another photo shows a breaching whale in that area.

Below is an image of the NELL Preservation Check being presented to Dutch Island Lighthouse Society on November 7, 2021 at Fort Getty in Jamestown, RI.

Left to right: Whit Hill DILS, Craig Amerigian DILS, Scott Chapin, DILS President; Henry Winkleman, NELL President; Arlene Winkleman, NELL Director-at-Large; Ron Foster, NELL Preservation Co-Chair; Marjie Johnston, DILS Treasurer, who reached out to NELL for the grant by filling out the forms found on the NELL Website, Wheaton Vaughn DILS, and Susan Dubowski DILS.

This money is being used to purchase a used boat and motor for DILS which will save them thousands of dollars. Currently they pay contractors to ferry materials out to their island lighthouse, something which they will be able to do on their own. Hence they will be able to save thousands of dollars which they can use to help restore Dutch Island Lighthouse.

This is the second grant that NELL has given to DILS. Back in 2001 NELL provided \$1,200 for the cost of a solid steel door for Dutch Island Lighthouse. Dutch Island Lighthouse can be seen in the background on the tip of Dutch Island. On the next page is a letter sent to NELL from DILS thanking us for this donation.

Dear NELL,

Thank you so much for your extremely generous donation in the amount of \$6,200.00 received on November 19, 2021, to the Dutch Island Lighthouse Society (DILS) to benefit the purchase of boat and motor for the re-surfacing project.

DILS is dedicated to the rehabilitation and preservation of Dutch Island Lighthouse, and to the preservation of the history of the light station and its keepers. Your support will help to ensure that our project to save the lighthouse continues to preserve this treasure in Narragansett Bay and keep the light shining.

The society has a new website – DILS.us – which was the kick-off to a new fund-raising effort for major work on the lighthouse completed this autumn. Your donation is a very meaningful addition to this campaign. We also now have caps and t-shirts available again through a new shop on the website.

On behalf of the DILS Executive Committee, please accept our warmest thanks for your contribution.

Sincerely,
Dutch Island Lighthouse Society
